

## **Ticket Donation Policy**

The SPCO is committed to serving our community by sharing transformational performances with the broadest possible audience and making our music accessible to all. In an effort to further enrich our community through the arts, the SPCO is pleased to donate concert tickets to other arts organizations for their own fundraising purposes.

### **Ticket Donation Guidelines**

**The SPCO will donate vouchers good for best available tickets to support fundraising efforts for nonprofit arts organizations and school-based arts programs, subject to availability.**

**The SPCO will not donate vouchers to support fundraising efforts for the following types of organizations:**

- Politically affiliated organizations
- Religiously affiliated organizations
- Schools and education organizations (unless the request is specifically for an arts program within that school or organization)
- Health and human services organizations (unless the request is specifically for an arts program within that organization)

We recognize that many non-arts organizations are doing extremely important work in our community, but we are committed to serving our community through the arts specifically and must focus on supporting arts organizations with our ticket donations.

If your request fits the guidelines above, please contact [tickets@spcomail.org](mailto:tickets@spcomail.org) to request a donation of SPCO tickets.
